### PROFESSIONAL SUMMARY

Frontend Developer with 1.9 years of experience building responsive and high-performance web applications using HTML5, CSS3, JavaScript, and Bootstrap. Experienced in developing scalable UI components, integrating REST APIs, and optimizing frontend performance. Skilled in responsive design, cross-browser compatibility, and UI optimization to deliver seamless user experiences for 1000+ active users.

### EDUCATION

Sant Gadge Baba University, Amravati Electrical and Electronics Engineering 2015-2019

### WORK EXPERIENCE

#### UI Developer / Frontend Developer

Doozie Software Solutions, Bangalore

| May 2024 - 27 February 2026

- Developed responsive and scalable UI interfaces using HTML5, CSS3, JavaScript, and Bootstrap for applications serving 1000+ users.
- Built reusable UI components, dashboards, and forms ensuring cross-browser compatibility and mobile responsiveness.
- Integrated frontend applications with RESTful APIs for dynamic content rendering.
- Improved page load performance by 30% through UI optimization, asset compression, and efficient DOM manipulation.
- Implemented authentication flows and role-based UI access for secure user interaction.
- Debugged and resolved 25+ UI issues in production, improving application stability and user experience.
- Collaborated with UI/UX designers and backend developers to translate Figma designs into production-ready interfaces.

### SKILLS

- HTML5, CSS3, JavaScript
- REST API Integration
- Debugging & Performance Optimization
- Bootstrap 5, Responsive Web Design
- Git, GitHub
- Laravel Blade Templates
- UI/UX Understanding (Figma collaboration)
- UI Layout & Component Design
- Cross-Browser Compatibility

### PROJECT HIGHLIGHTS

#### Enterprise Web Application (Laravel-Based)

- Developed responsive dashboards and admin panels using HTML, CSS, JavaScript, and Bootstrap.
- Integrated REST APIs for real-time data rendering and user interactions.
- Implemented role-based UI components for different user permissions.

#### Business Portfolio Website

- Built a fully responsive company website with optimized UI layouts and interactive navigation.
- Improved page load performance and SEO through asset optimization.

#### E-Commerce Product Showcase Website

- Developed responsive product listing pages with dynamic API-driven product data.
- Implemented filtering and search UI components to enhance product discovery.
